# <sup>30</sup> ZINC

### HIGH PERFORMANCE

### MINIMALIST Design

HUMAN CENTRIC Approach

# ZINC Design

Zinc is designed to contrast with the existing bulky and industrial looking linear floodlights and grazers. Where developers tend to use additional architectural details to reduce products visual impact, Zinc offers a high performance outdoor fixture with pleasing aesthetics and modest form.

#### A HIGH PERFORMANCE TOOL.

## MINIMALIST FORM FACTOR

Zinc's small shape allows it to blend smoothly into its surroundings. It is designed with architectural aesthetics and a human-centric approach in mind. Where the section dimensions of this product match the size and proportion of a human thumb, making Zinc suitable for multiple applications.

ZINC IS DESIGNED WITH ARCHITECTURAL AESTHETICS AND A HUMAN-CENTRIC APPROACH IN MIND.

# ZINC FAMILY

Zinc family offers a range of high performing outdoor lighting tools with pleasing aesthetics & modest design.

Its body shape designed around its optics offers a minimum footprint, high flexibility in tilt adjustment and different fixture lengths.

ZINC OFFERS A MINIMUM FOOTPRINT WITH HIGH FLEXIBILITY.

## HUMAN CENTRIC APPROACH

Zinc presents a modular lighting instrument with outstanding performance, easy to configure systems and exquisite aesthetics.

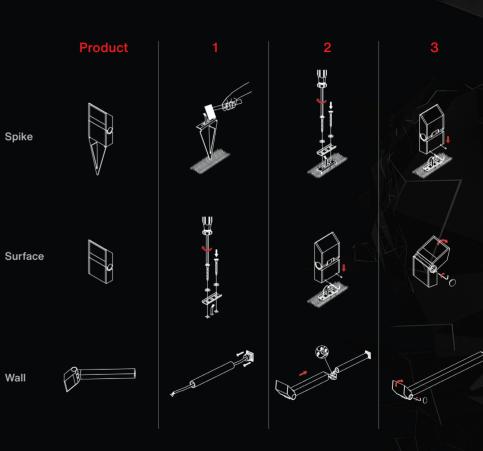

Zinc features CRI90+ with an array of choices in terms of color temperatures, dimming protocols, optics, beam angles, & lengths. This product can be mounted vertically or horizontally and has a tilt adjustment of +/- 90°, allowing designers to illuminate horizontal, sloped, and vertical surfaces alike. With its smart control system, Zinc illumination can be adapted perfectly to your mood and meet your energy efficiency requirements. Providing a sense of comfort and enhancing the feel-good factor.

ZINC PRESENTS A MODULAR LIGHTING INSTRUMENT WITH OUTSTANDING PERFORMANCE.

#### EASE OF INSTALLATION

Wall

# RAY

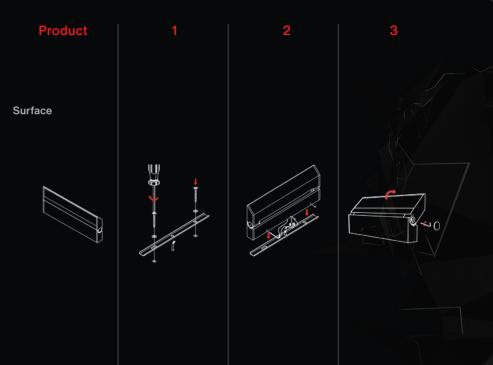

**Dimensions:** 306 x 32 x 141 mm 600 x 32 x 141 mm 894 x 32 x 141 mm

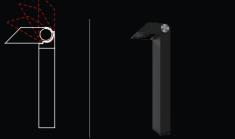

#### EASE OF INSTALLATION

Dimensions: 83 x 32 x 600 mm 83 x 32 x 750 mm 83 x 32 x 900 mm

#### EASE OF INSTALLATION

## SMART Control System

Control your lights with your phone, tablet or smart watch:

- Turn it on and off
- Adjust brightness
- Change color temperature,
- Select and control your lighting fixture in space

#### ANYWHERE, ANYTIME!

# ZINC IN COLORS

To increase the range ability to blend in any architectural scene without leaving a strong physical impact, the fixture comes with various standard and custom color options.

# ZINC OPTICS

In spite the compact design Zinc luminaires can host different optics to serve multiple lighting applications.

## ZINC OPTICS CUT-OFF WASHER

The Cut-Off Washer marks a breakthrough in wall washing illumination as it offers different outputs with a flawless surface uniformity while blocking the backward and longitudinal light spill. It is glare and light-pollution free!

# ZINC OPTICS **GRAZER**

The wall grazer is optically engineered to perform best-in-class grazing capabilities. The optic offers a tool to emphasize rough-textured surfaces up to 5m height.

With optional micro-louvers Zinc is totally glare free from both longitudinal and transversal sides, achieving a powerful effect ideal for surfaces of great height for indoor and outdoor applications.

# ZINC OPTICS **FLOOD LIGHT**

The flood light optics with high-power LEDs generate a powerful overall lighting effect. This modern luminaire is compatible with a wide array of beam angles, ideal for diverse general lighting applications.
